

SISD Prioritized Facility Needs

Approved by the School Board - Jan. 19, 2015

Priority	Facility	Need
1	Junior High	Replacement and/or Redesign of HVAC System (including PTAC units)
1	High School	Replacement and/or Redesign of HVAC System (including PTAC units)
1	High School	Safety - Relocate office from the center of the building and limit access points
1	District-Wide	Communication - Redo Phones/Intercom Systems - There is currently no communication system between buildings in the district - some do not even have phones.
1	Junior High and High School	Fire Alarm System Replaced
1	Band Hall	HVAC System Replaced
1	Old Gym	Air Ducts Repaired or Replaced
1	Old Gym	Security - Replace Doors (6 double-doors and 1 single door)
1	Old Gym	Repair/Replace Windows
1	Old Gym	Repair/Replace Lighting and Electrical
1	AG Building	Currently an old house - Remove and replace with classrooms appropriate for instruction
1	AG Shop	Separate Wood and Metal Shops / Install venting and exhaust system / Repair or replace windows and grills
1	Old Elementary Building	Currently used for storage - Decision must be made to renovate or tear down. If left alone too much longer, we will no longer have a choice due to deterioration and decay.
1	Elementary	Air Control System must be updated due to programming requirements
1	Field House	Needs renovating - primary concerns are with HVAC, plumbing, and electrical
2	Old Gym	Locker Rooms, Restrooms, Office Areas - primary concerns with electrical and plumbing
2	Old Gym	Carpeting replaced
2	Track	Foundational Repair / Redo

2	Administration	Possible move to old elementary building if renovated
2	District Archive Room	Repair or move to old elementary building if renovated
2	Transportation	Need a covered area or bay to work on buses in-house.
3	Junior High	District Server Room not sufficient for equipment, offices, and storage - Possibly move offices/storage to old elementary building if renovated
3	District	Carpeting on all campuses - set a schedule to replace over time
3	CATE/Home Economics Bldg.	Foundational Shifting / Ovens and stoves not all working properly / Outdated for change from home economics to Food Tech.
3	Parking Area	South side of JH - Repair potholes, low spots, and washouts
3	Playground	Shade / Mulch / Old school debris / Out-of-compliance with ADA - Handicapped accessibility
3	Tennis Courts	Foundation Repair / Redo
3	District	Sidewalks buckling, shifting causing severe trip hazards - need repair

Check - Further information needed before addressing

High School	Cracks in Walls / Foundational Shifting?
Elementary	Sheetrock cracking / Floor tiles buckling and cracking / Foundation cracking or shifting?
New Gym	Locker Rooms - Cracks in Walls
